No need to call back, just wanted to let you know we're unfortunately not going to be able to make it any earlier than 11. We certainly understand if this doesn't work with Judith's schedule, and don't want to hold up your event.

Good seeing you Monday too, albeit it only for a short time!

Subject: 10/31 Passaic River event

As you know, this event celebrates that dredging of the hot spots for this Superfund site is scheduled to begin. This 17 mile site is a major environmental issue/project for North Jersey, impacting many towns. This action has been a long time coming and FRL has had interest and involvement in this site. As Chris discussed with Zoe, this is scheduled for a 10 AM start because we have to return to Queens for an afternoon event on the Jamaica Bay No Discharge Zone. Pascrell, Comm. Martin, Colonel Boule all confirmed for that time. IF this is something you want FRL to attend and absolutely can't make 10AM, I can explore making it a little later. But no point in going through that if his attendance is undecided. Please advise.
